

SEA opportunities for enterprise

Wednesday 7th October 2009 12:00-18:00

Roland Levinsky Building, University of Plymouth

The Peninsula Research Institute for Marine Renewable Energy (PRIMaRE) invites you to a unique event connecting world-class research with regional enterprise...

Join businesses, stakeholders and academics to learn how PRIMaRE is supporting growth and opportunity in Marine Renewables.

- Find out more about PRIMaRE and its research areas
- Hear about the latest Wave Hub developments
- See the impact of knowledge base / industry collaboration
- Meet the experts and network with key industry figures
- Discuss business opportunities with the PRIMaRE team

To book your FREE place*
